Description	
<i>Provide a short description of the event and its activities.</i>	
The event was attended by 65 people from 5 countries, representatives of partner municipalities (delegations travelling), relevant local stakeholders (NGOs, public institutions, producers, restaurants,	

etc.)

In order to define the problem of discrimination and racism and to identify creative solutions at the level of Alba Iulia, all the partners were involved in the elaboration of a questionnaire, under the coordination of the Alba Iulia City Hall.

The questionnaire was applied online through the Municipality's platform for Community Barometer surveys, and disseminated through all available social media channels of AIM.

The activities carried out were promoted both in the local media and in the online environment through:

The questionnaire can be accessed within the link <https://barometrucomunitar.apulum.ro/chestionar-privind-discriminarea-si-rasismul-la-nivelul-municipiului-alba-iulia/>

In the 2 weeks the questionnaire was completed by 47 representatives of local entities.

The workshop aims to combat discrimination and racism at aim and partnership level, facilitate cooperation between project partners and develop sustainable food waste management.

During the workshop, the analysis of the questionnaires applied online was presented, and all partners prepared and presented several examples of good practices from their countries in the field of discrimination and racism, in order to discover the most appropriate solutions to the problems identified by AIM through the questionnaires.

In the second part of the meeting, the participants we visit the "GARDEN FROM THE CITADEL", an open space located in the heart of the Alba Iulia Citadel, an urban garden open to the community, for the prevention of COVID-19 infections, as an alternative form of civic participation. Given the bad weather, the contest on the most creative solution in terms of combating food poverty was no longer organized within the Citadel Garden.

At the end of the workshop, evaluation questionnaires were applied among the participants.

AIM offered the following services to the partners' representatives, who will participate in the event in Alba Iulia: travel tickets in RO, transfer to Alba Iulia (if applicable), accommodation and pension.
